### MERCHANTS WILL TALK TELEPHONE

For consideration of the matters of misunderstanding or points upon which the Mutual Telephone Company and the Supervisors seem unable to agree, there will be a meeting at 3 p. m. next Tuesday, at the City Hall, when the Merchants' Association and the Board will hold discussion.

The consideration will be relative to the placing of the City and County fire alarm and police wires in the company's conduits; especially bearing on the "agreement" which was not agreed on between the telephone company and the Board, since the telephone company wanted to be released from digging inspection fees and some of the Board members would not listen to a proposition of thus releasing the company in return for looking after City wires.

### SCRAP OVER BELT ROAD

SUPERVISORS DEFER TO FUTURE MEETING THE DISPOSITION OF KAHANA HIGHWAY CONTRACT—LOGAN SHOWS THAT COUNTY HAS PLENTY OF MONEY COMING—QUINN TALKS BELT ROAD FOR PROMOTION—KANE AND COX OPPOSED.

There was a lively scrap at today's noon meeting of the Board of Supervisors over the building of the belt road, the road around this island of Oahu.

The matter was brought up in regard to the letting of the contract for the construction of that portion of the belt road involved in the Kahana district.

Kane cried aloud for economy and Cox declared that the Kahana matter had never been passed upon properly; that the Kahana road was the matter that had received consideration and been passed on, but nothing definite had been decided in regard to the work in Kahana.

Quinn was almost furious in his declaration that it was worse than the action of a lot of children, worse than any action of which even an incompetent might be guilty, to go ahead and call for surveys of a road and call for contracts, as had been done in the case of the Kahana road, and then for

### WHY EXCURSIONS TO HAWAII FAIL, WHEN PLANS NEAR COMPLETION

The following is from Acting Secretary Cooper's report to the Promotion Committee for the current week: Chairman and Members of the Hawaii Promotion Committee.

Gentlemen: A citizen who has the interests of Honolulu and the Territory truly at heart, commented yesterday in rather a pessimistic vein on the fact that we have "fallen down" on the proposer Shiner excursion from San Francisco, and have apparently lost the big Salt Lake City Elks' excursion which was planned for February. "Everything goes lovely with most of these propositions until it comes to getting steamship service, and then it all off," was his way putting it.

Now while there may be a certain amount of truth in all this, I personally get a whole lot of satisfaction out of the bare fact that so many persons really want to come to Hawaii. It speaks volumes for the efficiency of our work. People are coming to know of Hawaii as they never did before, and no one can question that the Hawaii Promotion Committee has been the biggest factor in this dissemination of knowledge. Besides there is no reason to believe that these various excursions planned, have been abandoned. On the contrary they will almost certainly be taken up again, and in the meantime all the planning and discussion which goes on is so much good advertising for Hawaii. Here are excerpts from letters received by yesterday's mail bearing on this matter, which show that we have some goods friends working for us.

D. E. Burley, General Passenger Agent of the Oregon Short Line Ry, writes concerning the failure of the Salt Lake Elks' plans:

"... They felt it was rather too heavy a risk for the Lodge to assume, in view of the fact that they would have to guarantee, and deposit funds, to the amount of \$36,750, in order to secure the steamer for the trip. I was much

disappointed to see the matter fall through. I am convinced notwithstanding time was rather short for advertising, they still could have secured enough passengers to fill the ship. I have hopes that we can bring about such an excursion for winter of 1910 and 11."

F. T. Collins, the member of the Salt Lake City Lodge, who spent some time in Hawaii last spring, writes:

"The committee reports unfavorably for the excursion for next winter owing to the heavy guarantees required and the lodge not being permitted to assume it and the committee not being willing to assume a guarantee of \$36,750. I venture to say that another season the Pacific Mail S. S. Co. will run an excursion to the islands on their own responsibility, and with a large reservation for Salt Lake Lodge No. 85. The members are highly pleased with this as a prospective trip and our secretary has had enquiries from Idaho, Wyoming and as far east as Denver regarding it. I expect to be at leisure soon for another trip, and may get some of my friends together during the winter and rubber around your beautiful islands."

Here is more good advertising for Hawaii:

"We have a movement on foot here to run an excursion to Honolulu, starting from here the latter part of January. Therefore, will you send me fifty or a hundred booklets on Hawaii, and oblige."

"Yours very truly,"  
L. G. MONROE,  
Secretary Spokane Chamber of Commerce.

Our mail this week contained the usual large number of inquiries from persons who want to come to Hawaii as tourists or settlers.

Respectfully submitted,  
WILL J. COOPER,  
Acting Secretary.

### OUSTING CANNON

### REPUBLICANS OF HIS OWN STATE ASK HIM TO RETIRE

(Special Cable to The Star by the United Press.)

CHICAGO, October 28.—Republicans here have come out definitely with the declaration that Speaker of the House of Representatives Joseph G. Cannon, who has served in Congress for over thirty years, should give up the reins of leadership, and are urging upon Cannon that, for the party's good, it is necessary for him to retire. They insist in a word, that he should walk the plank for the welfare of the Republican party.

It is stated that Cannon will be the center of a bigger fight than before if he tries to retain the Speakership, and some of the Republican leaders think his renewed candidacy threatens the party success in this state. Cannon will go bitterly fought again by the temperance agitators, who are about to begin in Chicago the greatest fight for temperance ever made in a big American city, and in Congress the insurgent Republicans endanger the Republican majority by their opposition to him. Leading Illinois Republicans therefore think he should retire in the interests of party harmony.
